CYB-Z30L2-W

3MP+3MP Wi-fi PT Outdoor Dual Lens Camera-15 Mtr.

- 1/3" 3MP+3MP CMOS Image Sensor
- 2304x1296 @ 15 FPS
- 3.6mm + 3.6mm(Fixed) Lens
- H.265 Video Compression
- Wifi Support
- IR Distance 15 Mtr.
- Works With Alexa
- SD Card 128GB Support

Functions

Wi-fi Support

Step into a new era of surveillance simplicity with the incorporation of Wi-Fi technology in this camera. Bid farewell to the maze of cables and the hassle of intricate switch systems. This cutting edge feature transforms the monitoring of enclosed spaces, allowing for a more streamlined and user-friendly experience. With wireless connectivity, the camera seamlessly integrates into your network, enabling remote surveillance with just a few taps on your device. The elimination of physical connections not only enhances convenience but also opens up creative possibilities for optimal camera placement. Experience a hassle-free and efficient approach to surveillance, where the power of Wi-Fi takes center stage in simplifying your security needs.

Enhance Vision:

Experience unparalleled surveillance with our Dual-Lens Wi-fi CCTV Camera, designed to capture every detail with precision. The dual lenses work in tandem, providing a comprehensive field of view that ensures no angle is left uncovered. Enjoy superior clarity and heightened situational awareness for enhanced security.
